Hello, i am

SARANG

PASSIONATED UI/UX DESIGNER

ABOUT ME

I am curious and self driven UI/UX designer. I love to mix my engineering perspective and my design chops to construct impactful experiences. And while I am astonished by all flavors of UX Design, I excel in UX Design and UI Design.

Also i'm into anything and everything related to teach, Design and Business

EDUCATION

Immersive User Experience Design Program (IUXD)

National School of Interaction Design (NSID)

Bachelor Of Computer Application

Calicut University, Thenjippalam, Kerala

EXPERIENCE

Qubex Technologies

UI/UX Design Intern | 2024 - Present

At Qubex, I Assisted experienced designers in creating user-friendly designs for digital products. Learned valuable design techniques and software skills.

Codeedex Technologies

Part-Time UI/UX Designer | 2023 - Present

During my 8 months at Codeedex as a part-time UI/UX designer, I made digital things look awesome and easy to use. Collaborated with teams to create user-friendly designs for web apps and products.

ACHIEVEMENTS

- Successfully completed various design related projects during academic tenure.
- Received positive feedback from clients for delivering high-quality design solutions.
